Regardless, the State will disclose the successful Bidder’s name, the substance of the Bid, and the price.

The State will make all decisions on compliance, evaluation, and terms and conditions, and shall make decisions in the best interests of the State and in accordance with the Illinois Procurement Code, rules and other applicable State and Federal statutes and regulations. This competitive process may require that the Bidder provide additional information and otherwise cooperate with the State. If a Bidder does not comply with requests for information and cooperate, the State may reject the Bid as Non-Responsive to the solicitation. Submitting a Bid does not entitle the Bidder to an award or a contract. Posting a vendor’s name in a Bulletin notice does not entitle the vendor to a contract. ## 1. DESCRIPTION OF SUPPLIES AND SERVICES

**1.1. GOAL:** The Illinois Department of Central Management Services (CMS) intends to establish a statewide master contract for HP, Inc. Thin Client Terminals, associated accessories and support services.

**1.2. SUPPLIES AND/OR SERVICES REQUIRED:**

The State and other governmental units (including certain not-for-profit entities) authorized by law to participate in the Joint Purchasing Program (JPP) may utilize any Contract(s) resulting from this procurement. This authority is governed by the Governmental Joint Purchasing Act [30 ILCS 525]. For more information on this program, please visit the CMS website: [www.illinois.gov/cms/localgov/jpp/Pages/Default.aspx](http://www.illinois.gov/cms/localgov/jpp/Pages/Default.aspx)

The State anticipates on purchasing a minimum of 2,500 thin clients during the initial contract term. This figure is not a guaranteed quantity but may be used by the Vendor in providing their bid response.

All products furnished shall be new, unused, most recent manufacture, and not discontinued. Given the changing marketplace and the evolution of technology, the State, during any term of the contract, may review new and enhanced products, maintenance and support services, or equipment offered by Vendor that are within the scope of the contract and underlying procurement. In addition, if an item becomes discontinued or otherwise not available during any term, the vendor may propose to substitute an equivalent or better product at the same or lesser price. Prices and rates for any product or service offered may be revised downward from the contract price, but not upward. Similarly, discount schedules may be increased from the original contract, but not decreased. Any new technology the State takes advantage of must, at a minimum, replace a function or solution that the contract already covers.
